## PRODUCTS & SERVICES

---

### Homopolymer (PP)

- Textile wraps, garment bags, snack food packing
- Extrusion coating, fibre & filament
- Multifilament yarn, woven sacks, and non-woven fabric
- Rigid packing, thin wall containers, multicavity moulding
- Injection moulding & compounding applications

### Random Co-Polymer (PP)

- High clarity bottles, containers, sheets
- Clarified random co-polymer rigid containers
- House wares & consumer products
- Transparent & translucent packaging

### Impact Co-Polymer (PP)

- Furniture, caps and closures
- Sheets, blow moulded containers
- House wares, general products moulding
- Paint pans, luggage, industrial components
- Appliances, automotive compounding
- Batteries, automotive applications

## Polyethylene (PE)

- Woven sacks for fertilizers, food grains
- Blown film / blow moulding (lamitube)
- Blow moulding up to 100 litres
- Drip lateral, overhead tanks
- Heavy duty bags, greenhouse films, canal lining
- Extrusion coating with/without slip
- Imported granules & master batches
- Adhesive lamination and foam film

## WHY CHOOSE US

Sree Mantralaya Petrochem stands apart through a commitment to quality, reliability, and customer satisfaction built over 35+ years in the polymer industry.

|                                                                                                       |                                                                                                         |
